EN

# LIEBHERR

The first  
battery-powered  
drilling rig in  
the world

The brand-new Liebherr model  
does not only have an alternative  
drive concept, it can be operated  
by battery without a cable,  
therefore: *unplugged*.

## Local zero emission

Liebherr is aware of its responsibility towards society and the environment and, with the LB 16 unplugged, strives for the best possible combination of environmental sustainability, customer benefit and efficiency.

**LB 16**  
*unplugged*

CFA

## Unplug

There are no restrictions in performance and application of the LB 16 unplugged when compared to the conventional version. The battery is designed for an operation time of 10 hours.
